These SIPVicious PRO Terms & Conditions of Supply together with the documents referred to in it (“Terms”) constitute the terms and conditions on which Enable Security GmbH (“Licensor”) will grant to any purchaser or user (“Licensee”) a license to use the software comprising SIPVicious PRO (“SIPVicious PRO” or the “Software”), following acceptance of an order as detailed below.

The following expressly form part of the Terms:

- ▶ The SIPVicious PRO License Agreement;
- ▶ The General Terms and Conditions;
- ▶ The Privacy Policy; and
- ▶ Any other documents referred to in the above.

The Terms apply to the exclusion of any other terms that the Licensee seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

1. Subscriptions of SIPVicious PRO are available for purchase via the Licensor’s website at <https://sipvicious.pro/buy>.
2. Placing an order for SIPVicious PRO or checking “I have read and accept the terms and conditions” on a webform is an offer by the Licensee to purchase a subscription to the Software and does not constitute a contract until such time as the Licensor issues an email or web confirmation that the order is accepted by Enable Security GmbH. Notwithstanding the foregoing, by installing the Software the Licensee affirms that it agrees to the terms of the License Agreement and the SIPVicious PRO terms and conditions of supply, which bind the Licensee and its employees. The contract will only relate to the Software the Licensee has licensed, as set out in that confirmation or accepted by installing it. After the Licensee makes the first payment and the order has been accepted by Licensor, the Licensee will receive an email containing instructions enabling the Licensee to log in and download the Licensee’s software. If the Licensee does not receive this email within 1 business day of making the first payment, please email the Licensor, who will investigate the issue and endeavour to respond within one working day. In relation to purchases made on agreed credit terms, Licensor reserves the right to charge interest according to German Civil Code (“Verzugszinsen”) on invoiced amounts unpaid by their due date.
4. If the Licensee wishes to cancel its subscription, please email the Licensor, within 7 days of making the first payment, or if the order has been placed on credit, credit having been pre-approved by Licensor, please email the Licensor within 7 days of placing the subscription, and in each case before the Licensee downloads the software or license key. If the

Licensee already downloaded the software or license key, it will not be possible to refund the first payment of the subscription.

5. If the Licensee's payments are subject to any tax liability within any jurisdiction (for example, withholding tax) the Licensee bears sole responsibility for meeting this liability. Licensor does not accept liability for any tax liabilities that may arise from the Licensee's subscription of the Software or any associated services hereunder.
6. When the subscription of SIPVicious PRO has been concluded, such subscription is made for the benefit of the Licensee and Licensor only and is not intended to benefit, or be enforceable by, anyone else.
7. These Terms (including all the documents referred to in them) are governed by and construed in accordance with German Law and submitted to the exclusive jurisdiction of the German courts.

The Software may make use of third-party technology that is provided with the Software. The Licensor may provide certain notices to the Licensee in the Documentation, readme or notice files in connection with such third-party technology. Third party technology will be licensed to the Licensee either under the terms of this License Agreement or, if specified in the Documentation, readme or notice files, under separate terms or as otherwise notified to the Licensor by the Licensee.

4. INTELLECTUAL PROPERTY RIGHTS

4.1 The Licensee acknowledges that all intellectual property rights in the Software and the Documentation anywhere in the world belong to the Licensor, that rights in the Software are licensed (not sold) to the Licensee, and that the Licensee has no rights in, or to, the Software or the Documentation other than the right to use them in accordance with the terms of the License Agreement.

4.2 The Licensee acknowledges that it has no right to have access to the Software in source code form.

4.3 The integrity of this Software is protected by technical protection measures ("TPM") so that the intellectual property rights, including copyright, in the Software of the Licensor are not misappropriated. The Licensee must not attempt in any way to remove or circumvent any such TPM, nor apply or manufacture for sale or hire, import, distribute, sell or let for hire, offer or expose for sale or hire, advertise for sale or hire or have in its possession for private or commercial purposes any means the sole intended purpose of which is to facilitate the unauthorised removal or circumvention of such TPM.

of, or for amounts paid by Licensee under a settlement approved by Licensor in writing of, a Third Party IPR Claim, provided that, in each case the Licensee:

4.4.1 promptly gives Licensor written or electronic notice of the Third Party IPR Claim;

4.4.2 gives the Licensor, at its sole option, the sole control of the defense and settlement of the Third Party IPR Claim; and

4.4.3 gives Licensor all reasonable assistance, at Licensor's expense.

If Licensor receives information about an infringement or misappropriation claim related to the Software or services, Licensor may in its discretion and at no cost to Licensee (i) modify the Software or services so that they are no longer claimed to infringe or misappropriate, (ii) obtain a license for Licensee's continued use of the Software or services in accordance with this Agreement, or (iii) terminate Licensee's subscriptions for such Software or services upon 30 days' written or electronic notice and refund Licensee any prepaid fees covering the remainder of the term of the terminated license. The above defense and indemnification obligations do not apply if (1) the allegation does not state with specificity that the Software or services are the basis of the Third Party Claim; (2) a Third Party Claim arises from the use or combination of the Software or services or any part thereof with software, hardware, data, or processes not provided by Licensor, if the Software or Services or use thereof would not infringe without such combination; (3) a Third Party Claim arises from Software or services for which there is no charge or has been provided on a free trial or community license basis; or (4) a Third Party Claim arises from the Licensee's or a third party's materials or application or Licensee's breach of this Agreement. This clause provides the Licensor's sole liability to, and the Licensee's exclusive remedy against, the Licensor for any Third Party IPR Claim.

5.4 If, within the Warranty Period, the Licensee notifies the Licensor in writing of any defect or fault in the Software in consequence of which it fails to perform substantially in accordance with the Documentation, and such defect or fault does not result from the Licensee having amended the Software or used it in contravention of the terms of the License

Agreement, the Licensor will, at its sole option, either repair or replace the Software, provided that the Licensee make available all the information that may be necessary to help the Licensor to remedy the defect or fault, including sufficient information to enable the Licensor to recreate the defect or fault.
